

## Hebron News Update

25<sup>th</sup> January 25

Willie will be preaching on Sunday morning, continuing our series in Matthew's Gospel and we'll be sharing communion together.

On Sunday evening at 6.30pm, Jonny will be preaching in our Apostles' Creed series - this week looking at "The Father Almighty."

The evening service series ties in with our new Home Group studies which continue this week. Groups will meet as normal during the week.

Remember that you can join us earlier on Sunday as we have our Morning Prayer time at 10.30am, through in the side hall, with tea and coffee being served from 10.15am. Coffee is also served after the service and will be back in the conference room for the next wee while.

Sunday Lunches for Young Adults and Student will begin again this week – do feel free to stay behind after the service on Sunday to have lunch together. Lunches will run each week of the term until 23rd March, apart from on 9th February when none of our regular team are available. If someone else would like to get involved in cooking for 30-40 people on a Sunday, this is a good opportunity – please just speak to Sally to find out more!

Continue to pray for the Hope Explored course which concludes this Thursday, 30th January.

A reminder to get your tickets booked for the Faith In Kids Parenting Seminar on Wednesday 5th February – more details in previous newsletters and booking link can be found on the church website.

The Love Aberdeen project continues to run, delivering the Gospel to every home in the city. You can collect a bundle of gospels and labels for them in the foyer at church on Sunday, and sign up to deliver to a specific street using the Love Aberdeen website/app. We will be having a session on Saturday 1st February at 3pm in Hebron to pray then go out together with the gospels and cover a particular area of the town.

We are delighted at the response to the request for more help with running creche on Sunday mornings for our Under 3s! This is a big group at the moment, requiring 3 helpers each week so it's great to add all the new names to the rota. The size of the group also means space is getting a bit tight in our creche room. This Sunday we are going to trial having creche in the carpeted area of the games hall, where they will have access to toys and mats from the store cupboard, as well as toilets and baby change facilities. We will have the chairs set out along the carpet line after the morning prayer time to create a contained area for them. Families with little ones should come downstairs as normal but head through to the hall this week instead of the creche room.

Every Blessing,
